

# NATURESOFT

## NATURE AT ITS *ULTRA* FINEST

Micro Powders introduces Naturesoft 800 - the natural solution for your color cosmetics and skincare needs.

**SENSORIAL BENEFITS | UNSURPASSED BINDING | LONG WEAR | SMOOTH APPLICATION**

Micro Powders offers the most comprehensive range of micronized powders for the personal care industry. These powders are commonly used in skincare and color cosmetics for improved sensorial benefits such as slip, creamy feel, improved binding, long wear and smooth application. All of these benefits are now available in a natural powder with Naturesoft 800. Made from 100% cellulose powder, Naturesoft 800 is acceptable for global use and is IECIC listed for use in China.
