

WorléeBeads CELL

WorléeBeads CELL are gentle scrubs made of cellulose and different colour pigments. They are characterized by their high sphericity and very low particle size distribution which leads to a better representation in the formula.

Application areas are rinse-off products for facial cleansing and for body exfoliation.

Benefits

Originated from natural and renewable sources

NOC (ISO 16128) mostly 100%

Biodegradable

Non-GMO

NaTrue and COSMOS compliant (except for one color)
