

## VivGlow™ Lip Gloss

VivGlow™ are liquid crystals based upon esters of cholesterol with water-holding capacity. They add visual impact as well as moisture capacity to Lip Gloss systems.

Trade Name	INCI Name	Function	%W/W	Supplier
1 VivGlow™ - Opal	Cholesteryl Isostearate (and) Cholesteryl Chloride (and) Cholesteryl Nonanoate (and)	Liquid Crystal	25	Corum Inc Via ProTec Ingredia
2 VivGlow™ - Iris	Cholesteryl Isostearate (and) Cholesteryl Chloride (and) Cholesteryl Nonanoate (and) Silica	Liquid Crystal	75	Corum Inc Via ProTec Ingredia

## Method of Manufacture

Into the main vessel add:

VivGlow™ - Opal

VivGlow™ - Iris

Mix gently until homogenous

**Excessive or high energy mixing can destroy the liquid crystal structure.**
